

## Downtown Beirut Revolves around Plus Towers

The real estate sector keeps growing and the construction works keep moving forward in this lively city. In this framework, Plus Properties has organized three Iftar gatherings that highlighted the sparkly nights of Ramadan this year. On top of the magnificent Plus Towers standing proudly in the heart of Beirut, prominent businessmen and media figures gathered to savor an exquisite meal while enjoying the view of Beirut City and witnessing the amazing construction progress. Commenting on the event, George Chehwane, Chairman of Plus Properties, credited his company's belief in the real estate market of Lebanon for the ongoing projects of Plus Properties in several Lebanese regions. Chehwane also pointed that this Iftar was but another proof positive of the vibrant nature of Beirut.
